

## We expect that

- A Board Round will be carried out by 9.30am
- All patients will have an expected date of discharge
- 50% of discharges are carried out before midday

The **Bed Bundle** will assist you in delivering this

# B

## Board Round by 9.30am

The clinical team, led by the senior doctor will discuss:

- The patients with High Early Warning Scores
- Patients to be discharged today
- Patients to be discharged tomorrow
- Clinical incidents
- VTE Assessments
- Allocation of team

# E

## Expected Date of Discharge that patients, staff and visitors are all aware of

Your patients need to know their expected discharge date. This will be displayed at the bed side as well as the ward board

# D

## Discharge 50% of patients before midday

This enables today's patients to be admitted into the right ward without unnecessary waiting

# BEFORE 10

## First patients moved to medical Wards from Medical Assessment Unit before 10am

Ensuring all patients receive the right care in the right place at the right time
