<b>Name of Organisation:</b>	<b>The Shrewsbury and Telford Hospital NHS Trust</b>	<b>Period:</b>	<b>Dec 2011</b>
------------------------------	--	----------------	-----------------

### Organisational risk rating

Each organisation is required to calculate their risk score and RAG rate their current performance as per the 2011/12 Provider Management Regime, in addition to providing comment with regard to any contractual issues and compliance with CQC essential standards:

Key Area for rating / comment by Provider	Score / RAG rating*
<b>Governance Risk Rating</b> (RAG as per NHS Midlands and East PMR guidance)	
<b>Financial Risk Rating</b> (Assign number as per NHS Midlands and East PMR guidance)	
<b>Contractual Position</b> (RAG as per NHS Midlands and East PMR guidance)	

\* Please type in R, A or G

### Governance Declarations

NHS Midlands and East organisations, subject to the Provider Management Regime, must ensure that plans in place are sufficient to ensure compliance in relation to all national targets and including ongoing compliance with the Code of Practice for the Prevention and Control of Healthcare Associated Infections, CQC Essential standards and declare any contractual issues.

#### Supporting detail is required where compliance cannot be confirmed.

Please complete sign **one** of the two declarations below. If you sign declaration 2, provide supporting detail using the form below. Signature may be either hand written or electronic, you are required to print your name.

#### Governance declaration 1

The Board is satisfied that plans in place **are sufficient** to ensure continuing compliance with all existing targets (after the application of thresholds), and with all known targets going forward. The board is satisfied that plans in place are sufficient to ensure ongoing compliance with the Code of Practice for the Prevention and Control of Healthcare Associated Infections (including the Hygiene Code) and CQC Essential standards. The board also confirms that there are no material contractual disputes.

# Board Statements

For each statement, the Board is asked to confirm the following:

For CLINICAL QUALITY, that:		Response
1	The Board is satisfied that, to the best of its knowledge and using its own processes and having had regard to the SHA's Provider Management Regime (supported by Care Quality Commission information, its own information on serious incidents, patterns of complaints, and including any further metrics it chooses to adopt), its NHS trust has, and will keep in place, effective arrangements for the purpose of monitoring and continually improving the quality of healthcare provided to its patients.	Yes

If the Trust Board is unable to make the above statement, the Board must:

2	Be satisfied that, to the best of its knowledge and using its own processes (supported by CQC information and including any further metrics it chooses to adopt), its Trust has, and will keep in place, effective arrangements for the purpose of monitoring and continually improving the quality of healthcare provided to its patients.	
3	Be satisfied that, to the best of its knowledge and using its own processes, plans in place are sufficient to ensure ongoing compliance with the CQC's registration requirements	
4	Certify it is satisfied that processes and procedures are in place to ensure that all medical practitioners providing care on behalf of the NHS foundation trust have met the relevant registration and revalidation requirements.	
4	Be satisfied that the Trust is embedding patient experience into the service design, improvement and delivery cycle.	

For SERVICE PERFORMANCE, that:		Response
5	The board is satisfied that plans in place are sufficient to ensure ongoing compliance with all existing targets (after the application of thresholds), and compliance with all targets due to come into effect during 2011/12.	Yes

For RISK MANAGEMENT PROCESSES, that:		Response
6	Issues and concerns raised by external audit and external assessment groups (including reports for NHS Litigation Authority assessments) have been addressed and resolved. Where any issues or concerns are outstanding, the board is confident that there are appropriate action plans in place to address the issues in a timely manner	Yes
7	All recommendations to the board from the audit committee are implemented in a timely and robust manner and to the satisfaction of the body concerned	Yes
8	The necessary planning, performance management and risk management processes are in place to deliver the annual plan	Yes
9	A Statement of Internal Control ("SIC") is in place, and the trust is compliant with the risk management and assurance framework requirements that support the SIC pursuant to the most up to date guidance from HM Treasury (see <a href="http://www.hm-treasury.gov.uk">http://www.hm-treasury.gov.uk</a> )	Yes
10	The trust has achieved a minimum of Level 2 performance against the key requirements of the Department of Health's Information Governance Toolkit	No

For COMPLIANCE WITH THE NHS CONSTITUTION, that:		Response
11	The Board is assured that the trust will, at all times, have regard to the NHS constitution	Yes

For BOARD, ROLES, STRUCTURES AND CAPACITY, that:		Response
12	The Board maintains its register of interests, and can specifically confirm that there are no material conflicts of interest in the Board	Yes
13	The Board is satisfied that all directors are appropriately qualified to discharge their functions effectively, including setting strategy, monitoring and managing performance, and ensuring management capacity and capability	Yes
14	The selection process and training programmes in place ensure that the non-executive directors have appropriate experience and skills	Yes
15	The management team have the capability and experience necessary to deliver the annual plan	Yes
16	The management structure in place is adequate to deliver the annual plan objectives for the next three years.	Yes

Ref	Area	Details
Thresholds		The SHA will not utilise a general rounding principle when considering compliance with these targets and standards, e.g. a performance of 94.5% will be considered as failing to achieve a 95% target. However, exceptional cases may be considered on an individual basis, taking into account issues such as low activity or thresholds that have little or no tolerance against the target, e.g. those set between 99-100%.
1	C.Diff	Performance against contract with main commissioner
2	MRSA	<p>MRSA objective: those trusts which are not in the best performing quartile for MRSA should deliver performance that is at least in line with the MRSA objective target figures calculated for them by DH. The SHA expects those NHS trusts without a centrally calculated MRSA objective to agree an MRSA target for 2011/12 that at least maintains existing performance.</p> <p>Where a trust has an annual MRSA objective of six cases or fewer and has reported six cases or fewer in the year to date, the MRSA objective will not apply for the purposes of the SHA's Provider Management Regime</p> <p>If a trust with an annual objective of six cases or fewer declares a risk of exceeding the de minimis level and its annual MRSA objective in-year, but has not yet done so, it will be required to [provide, and then] report monthly against, an MRSA action plan until the risk has been satisfactorily addressed.</p>
3	Cancer: 31 day wait	31-day wait: measured from cancer treatment period start date to treatment start date. Failure against any threshold represents a failure against the overall target. The target will not apply to trusts having five cases or less in a quarter.
4	Cancer: 62 day wait	62-day wait: measured from day of receipt of referral to treatment start date. This includes referrals from screening service and other consultants, including consultant upgrades. Failure against either threshold represents a failure against the overall target. The target will not apply to trusts having five cases or less in a quarter. For patients referred from one provider to another, breaches of this target are automatically shared and treated on a 50:50 basis. These breaches may be reallocated in full back to the referring organisation(s) provided there is written agreement to do so between the relevant providers (signed by both Chief Executives) in place at the time the trust makes its monthly declaration to the SHA.
5a&b	RTT	While performance is measured on an aggregate basis, NHS trusts are required to meet the threshold on a monthly basis – consequently failure in any month represents failure for the quarter and should be reported via the exception reporting process.
6	Cancer	Measured from decision to treat to first definitive treatment. The target will not apply to trusts having five cases or fewer in a quarter.
7	Cancer	Measured from day of receipt of referral – existing standard (includes referrals from general dental practitioners and any primary care professional). Failure against either threshold represents a failure against the overall target. The target will not apply to trusts having five cases or less. Specific guidance and documentation concerning cancer waiting targets can be found at: <a href="http://www.connectingforhealth.nhs.uk/nhais/cancerwaiting/documentation">http://www.connectingforhealth.nhs.uk/nhais/cancerwaiting/documentation</a>
8a	A&E (Q1)	In Quarter one - 95th percentile waits for 4 hours or less to be used
8b	A&E (Q2)	<p>From Quarter two:</p> <ul style="list-style-type: none"> <li>• 95th percentile waits for 4 hours or less to be used</li> <li>• Time to initial assessment: for ambulance arrivals. Initial assessment to include a pain score and early warning score.</li> <li>• Time to treatment decision: time from arrival to see a decision-making clinician (defining management plan and may potentially discharge the patient)</li> <li>• Unplanned reattendance rate: within 7 days of original attendance. Includes patients referred back by another health professional. The SHA will not score this for paediatric specialist NHS trusts.</li> <li>• Left without being seen</li> </ul> <p>The SHA will keep these measures under review during 2011/12 and may change its implementation in line with national policy.</p>
9	Stroke	The SHA will consider its introduction during 2011/12 following publication of DH's technical guidance.
10	Mental Health: CPA	<p>7-day follow up:</p> <p><b>Numerator:</b> The number of people under adult mental illness specialties on Care Programme Approach who were followed up (either by face-to-face contact or by phone discussion) within seven days of discharge from psychiatric inpatient care.</p> <p><b>Denominator:</b> the total number of people under adult mental illness specialties on Care Programme Approach who were discharged from psychiatric inpatient care. Contact can include face-to-face or telephone contact. Guidance on what should and should not be counted when calculating the achievement of this target can be found on Unify2. For 12 month review (from Mental Health Minimum Data Set):</p> <p><b>Numerator:</b> The number of adults in the denominator who have had at least one formal review in the last 12 months. Date last seen by care coordinator will be used as a proxy for formal Care Programme Approach review during 2011/12.</p> <p><b>Denominator:</b> The total number of adults who have received secondary mental health services and who were on the Care Programme Approach at any point during the reporting period. For full details of the changes to the Care Programme Approach process, please see the implementation guidance, Refocusing the Care Programme Approach on the Department of Health's website. All patients discharged to their place of residence, care home, residential accommodation, or to non-psychiatric care must be followed up within seven days of discharge. Where a patient has been transferred to prison, contact should be made via the prison in-reach team. Exemptions from both the numerator and the denominator of the indicator include:</p> <ul style="list-style-type: none"> <li>• patients who die within seven days of discharge;</li> <li>• where legal precedence has forced the removal of a patient from the country; or</li> <li>• patients discharged to another NHS psychiatric inpatient ward.</li> </ul>

Delayed transfers of care attributable to social care are excluded.</p>
12	Mental Health: I/P and CRHT	<p>This indicator applies only to admissions to the NHS trust's mental health psychiatric inpatient care. The following cases can be excluded:</p> <ul style="list-style-type: none"> <li>• admissions to psychiatric intensive care units;</li> <li>• internal transfers of service users between wards in a trust and transfers from other trusts;</li> <li>• patients recalled on Community Treatment Orders; or</li> <li>• patients on leave under Section 17 of the Mental Health Act 1983.</li> </ul> <p>An admission has been gate-kept by a crisis resolution team if they have assessed the service user before admission and if they were involved in the decision-making process, which resulted in admission. For full details of the features of gate-keeping, please see Guidance Statement on Fidelity and Best Practice for Crisis Services on the Department of Health's website. As set out in Guidance Statement on Fidelity and Best Practice for Crisis Services the crisis resolution home treatment team should:</p> <p>a) provide a mobile 24 hour, seven day a week response to requests for assessments;</p> <p>b) be actively involved in all requests for admission: for the avoidance of doubt, 'actively involved' requires face to face contact unless it can be demonstrated that face-to-face contact was not appropriate or possible. For each case where face-to-face contact is deemed inappropriate, a declaration that the face-to-face contact was not the most appropriate action from a clinical perspective will be required;</p> <p>c) be notified of all pending Mental Health Act assessments;</p> <p>d) be assessing all these cases before admission happens; and</p>
