Better Births (2016)

Headlines

More women are having children at an older age

- Many women not offered a choice
- Hospital Services are at capacity
- Community based services are struggling to survive
- Boundary issues
- Continuity of care - booking to discharge
- Health Professionals working under pressure
- Too much time collecting data and form filling
- Poor quality paper based records
- £560 million spend PA on Maternity negligence
- Fear of litigation - Staff not open about mistakes and learning from them
- Women want to be in control of their care

Shropshire, Telford and Wrekin : Demographics

78,700 women of a child bearing age.
Projections indicate that this will
remain relatively static.

In Telford and Wrekin there are on
average 2,615 conceptions every
year, 21% end in termination.

In 2014 in Telford and Wrekin
the rate of under 18
conceptions was significantly
higher than the England
average and double the rate in
Shropshire.

In Shropshire there are on
average 3,400 conceptions
each year, 18% end in
termination.

LMS Plan : Vision

More **Women** and their families will:

- Be healthier
- Have better information
- Have support with their emotional wellbeing
- Have more choice throughout their pregnancy
- Be able to access a wider range of services closer to home
- Know the midwife caring for them throughout pregnancy, birth and postnatally
- Give birth in a midwifery led setting
- Be involved in how services are designed and delivered

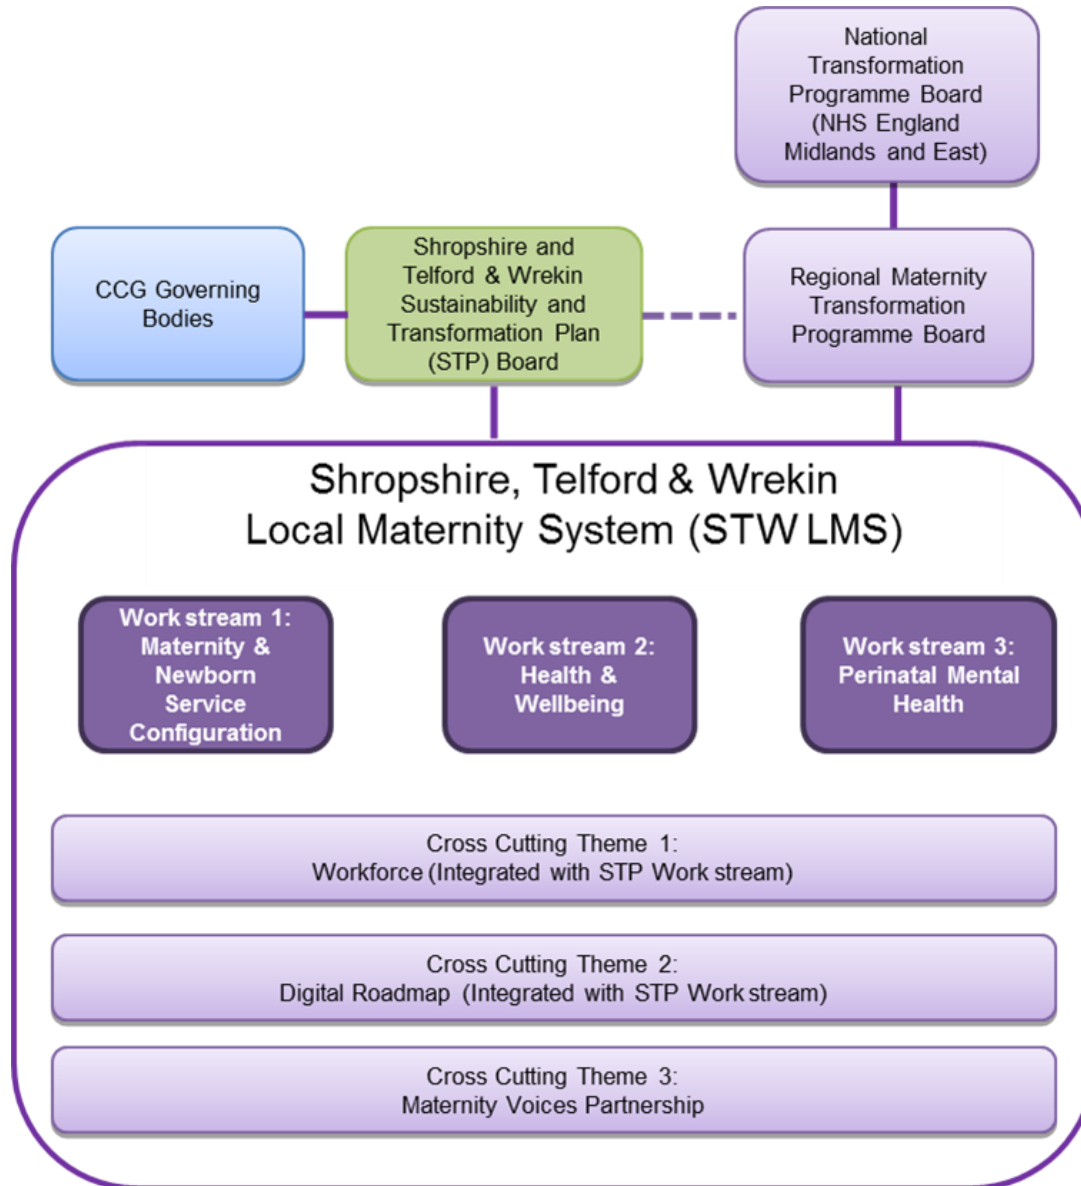

Staff will:

- Feel proud of the services
- Work within a learning culture
- Be well supported
- Act as advocates
- Feel empowered

Services will be:

- Safer
- Designed and delivered in partnership with women and their families
- Working better together through community hubs
- Constantly learning
- Sharing more information with each other

LMS Plan : Delivering the Vision

Maternity Voices Partnership

Key Activities

- Ensuring that the LMS Plan is fully co-produced
- Establishment of the Maternity Voices Partnership
- Maternity Voices Partnership is self-sustaining
- Developing and implementing a co-production approach
- Communication and engagement plan
- Upskilling the workforce in the 'Experience Led Commissioning' approach to service re-design

Progress to date

- Promotion of maternity voices partnership
- Development of Maternity Voices Facebook Page
- Recruitment of Maternity Voices Development Co-ordinator
- Delivery of Maternity Voices Partnership event

LMS : Strengths and Challenges

Challenges

- Resources
- Delivering transformation at the pace required
- Promoting change as positive

Strengths

- Partnership working
- Commitment to transformation
- Keeness of women and their families to be involved

Questions
