# Readers' Group

## How to get involved

As a member of our Readers' Group you will be sent copies of patient information leaflets to help the trust to ensure that they are clear and easy to understand before they are published. Feedback from patients and the public is an integral part of the quality assessment process.

Members of the Readers' Group will be sent on average 2-3 leaflets a month to read and comment upon and are given 10 days to check through them and return their comments. These comments are then taken into account when the final leaflets are produced.
