

# Easy Readers' Group

## How to get involved

As a member of our Easy Readers' Group you will be sent copies of patient information leaflets to help us make sure they are clear and easy to understand before they are published.

Members of the Easy Readers' Group will be sent a small number of leaflets throughout the year. We ask members to read the leaflets and send them back to us with their feedback.

These comments are then taken into account when the final leaflets are produced.
