If such a pay award was agreed retrospectively, the maternity pay should be re-calculated on the same basis;*
- ii. in the event of a pay award or move to higher pay point being implemented during the paid maternity leave period, the maternity pay due from the date of the pay award or new pay point should be increased accordingly. If such a pay award was agreed retrospectively the maternity pay should be re-calculated on the same basis;*
in the case of an employee on unpaid sick absence or on sick absence attracting half pay during the whole or part of the period used for calculating average weekly earnings, in accordance with the earnings rules for Statutory Maternity Pay purposes, average weekly earnings for the period of sick absence shall be calculated on the basis of notional full sick pay.

- *Where the amount of accrued annual leave would exceed normal carry over provisions, it may be mutually beneficial to both the employer and employee for the employee to take annual leave before and/or after the formal (paid and unpaid) maternity leave period. The amount of annual leave to be taken in this way, or carried over, should be discussed and agreed between the employee and employer. Payment in lieu may be considered as an option where accrual of annual leave exceeds normal carry over provisions, providing this would not cause a breach in the Working Time Regulations 1998. (Section 15.94)*

52. The handbook states in section 15.95:

Because both paid and unpaid Maternity Leave are counted as continuous service, contributions to the NHS Pension Scheme must be maintained for the full period.

Whilst you are receiving Maternity Pay, contributions will be deducted from your salary based on payments received. As no contributions can be made whilst you are on unpaid Maternity Leave, these must be reimbursed to the scheme on your return to work. Therefore, on your return additional contributions will be deducted from your salary until the shortfall has been paid. You are advised to contact the Pensions Officer for further information.
