

MATERNITY VOICES PARTNERSHIP HTP

Action No	Date of meeting	Action	Lead Officer	Timescale/ Deadline	Comment/ Feedback from Lead Officer	Action
16th November 2023						
MNVP 1	16/11/2023	Currently there is one bereavement suite in the new build plus the ability to flex a room to provide a second room if required. Could we get information on circumstances when there have been more than two bereavement events at the same time and if that occurs frequently, consider having a double bereavement suite and one other room as additional flexibility?	Charlotte Robertshaw (Maternity Comms & Engagement) to obtain data	Ongoing	There have been two occasions in the last 18 months in which a third bereavement room may have been required. Architects, clinical team, and patient representatives are reviewing the design in 1:50 meetings, this might be incorporated in quieter areas of the department.	IN PROGRESS
MNVP 2	16/11/2023	Wrekin ante-natal is at one end of PRH, the MLU at another end of the hospital, scanning in a separate part and then the delivery suite in the W&C Centre. When the Consultant service moves to RSH it is possible there may be 4 different locations (scanning is not in the RSH new build) so appointment directions will need to be very clear.	Charlotte Robertshaw (Maternity Comms & Engagement) with HTP team	Ongoing	In the new build at RSH, the MLU will be alongside the Consultant Led Unit. The location of the antenatal services, currently in Myton Oak House, are not yet determined. As part of our Estates strategy, we will review clinical adjustments at PRH.	IN PROGRESS
MNVP 3	16/11/2023	It was noted that in the new RSH build the footprint could not accommodate maternity inpatients and the neonatal unit on the same floor without a loss of beds. This means that at RSH mums needing ongoing medical care will be downstairs on the post natal ward and they would need to go upstairs to see their baby in the neo-natal unit possibly in a wheel chair requiring extra help. Is there any option for the mother and baby to be on the same floor?	Tom Jones - HTP team and architects	n/a	There will be an increase of parenting rooms on the neonates floor (from 3 to 8).	COMPLETED
MNVP 4	16/11/2023	Consider feasibility and costs of installing a digital map/or touch screen showing how to get to a certain place within the hospital to be used at times when there is nobody on reception in the main entrance area. Possibly with a printout (this is available in other hospitals). Could consider charitable funds if costs not included in project.	Gareth Banks - AHR architects	Ongoing	This can be reviewed as part of the final design proposals over the coming months.	IN PROGRESS
MNVP 5	16/11/2023	Consider providing a communal/open area for post natal/ante natal families where they can have a cup of tea or chat because it can be quite isolating if in hospital for a long time	Gareth Banks - AHR (with clinical team)	Ongoing	AHR will look to see what can be achieved in the communal space within the maternity IP floor.	IN PROGRESS
MNVP 6	16/11/2023	Can the ante-natal sessions be re-provided now and in the future (paused during Covid) so mothers can meet together and build relationships?	Charlotte Robertshaw with W&C Division	Ongoing	We have recommended tours for expectant parents under our care and we are working on our antenatal package.	IN PROGRESS
