## **1.0 Webpage**

1.1 In order to ensure that the strategic context and longer-term ambitions of the Trust are freely available for our staff, partners and the public, we have developed a Trust Strategies webpage.

To access the full Trust Strategy and our other supporting strategies, please scan this QR code.

Website: [www.sath.nhs.uk/about-us/trust-strategies/](http://www.sath.nhs.uk/about-us/trust-strategies/)

A link is also available on the staff intranet, under the 'Our Hospitals' section.

## **2.0 Review**

2.1 The Trust Strategy will be reviewed in Q3, and progress against key milestones assessed. In parallel, continued alignment with the Integrated Care Board strategic direction, as well as strategies of our partners, will continue to be taken into account and the Trust will play a role in shaping this direction.

## **3.0 Supporting Strategies**

3.1 The webpage contains links to other major supporting strategies, and these will also be monitored to reflect progress as well as updating those which are approaching their review point. For example, we are currently in the process of reviewing the Equality, Diversity and Inclusion Strategy, led by the Director of People and Organisational Development, and commencing a review of our End-of-Life Strategy, led by our lead consultant. The Research and Innovation Strategy is currently being finalised and is expected to be published shortly.

## **4.0 Recommendation**

4.1 The Board is asked to NOTE the report.
