| Arif | Razzak | Dental Specialty Doctor | Indirect interests | Outside employment | I am planning on taking part in a project and in line with hospital policy I am informing you as my line manager should there be any future conflict of interest. The role is: dental external expert QA consultant for Immersify education (a healthcare ed-tech company), which specialises in lessons, augmented reality and assessments using virtual reality. Although I aim to do the work for this outside of work hours, and am not being taken on in a paid role, there is the potential in the future that I may be paid to take part in development processes behind this (potentially a few hours a month). My reasoning for looking into this project is the educational and research role exploring virtual reality training which I think will benefit my educational role at PRH as well as my development as a clinician. | 28/08/2024 | 27/08/2025 | I haven't got a "termination date" as of yet. |
